*Powerful security made simple.*

The ACS5000-S and ACS5008-S control panels are shipped as complete two-reader control panels including UL-listed chassis and power supplies that are designed to work with the ACS OnSite™ solution and OnSite appliance systems. One additional ACS5000 expansion board can be mounted into the ACS5000-S chassis and up to three additional ACS5000 expansion boards can be mounted into the ACS5008-S chassis. Both the ACS5000-S and the ACS5008-S can support up to 14 expansion boards. This can be in any combination of door boards or I/O boards. Further expansion is available through the addition of an OnSite Appliance Controller.
