

PROJECT FINANCING WITH AFFORDABLE PAYMENT OPTIONS

The Brivo Financing Program lets you finance your access control, multifamily, or video surveillance project with little to no upfront investment and enables you to manage consistent, predictable payments over time.

IMPROVE CUSTOMER BUYING POWER WITH FINANCING

The global pandemic is forcing your customers to adapt to new security and facility management needs. They need to secure their business, keep people safe and manage cash.

The Brivo Financing Program provides installment financing for your customers that need options for managing cash. Loan amounts between \$10K and \$250K are available for purchasing security system solutions.

Research shows that customers buy more and are more loyal when they have access to credit from the seller. Brivo has several options to help make sure limited finances do not slow down the sales process.
