

Partnering with Savance Workplace

Unlock new revenue opportunities for your business.

A partnership with Savance Workplace **expands solution offerings**; adds **more value for customers**; and provides integrated tools that **enhance safety, efficiency, and compliance** across diverse industries.

Access Control Integration

Integrate with a growing number of access control platforms, to enhance existing infrastructure using synced access data

Visitor Management

- Secure, digital check-in and check-out system for visitors and contractors
- From self check-in kiosks to mobile QR code check-ins and manual, attended stations

Status Board

- Custom-designed large-screen digital signage solution
- Designed to display critical information, viewable at a glance

Electronic In Out Board

- Flexible and fully scalable solution to keep track of staff as they come and go
- Displays real-time statuses that are fully customizable to each business

Emergency Mustering

- Easy-to-use emergency management system for evacuations and crises
- Accounts for every person, safe or missing, with real-time data for immediate response

Mass Notifications

- Instantly notify staff, visitors, or entire sites of emergencies or events
- Customizable message templates for rapid deployment

PARTNER TOOLKIT

Sales tools, guides, and support resources to help you win business.

Complete Software + Hardware Package

- End-to-end solutions to combine software with hardware like kiosks, tablets, printers, and more
- Fully packaged or compatible with customer-provided hardware

How to Recognize a Savance Opportunity When You See One

Your customers are still running their workplaces on paper logs, whiteboards, and manual rosters. Every one of those is an opening to bring in Savance — a chance to **grow your business while solving a real problem.**

IDENTIFY OPPORTUNITIES IN THE FIELD

When you're working with a customer who has any of these, there's a Savance opportunity on the table:

Paper visitor logs
at the front desk/
reception area

Manual **evacuation
checklists** or **paper
rosters**

**No system to alert
staff or visitors**
during emergencies

Organizations
**seeking a modern
transformation**

**Whiteboard,
magnetic board, or
printed sheets** for
tracking who's on
and off-site

Access control in
place, but **no
visibility into who's
on-site or when**

Facilities with
**compliance or audit
concerns** related
to site access or
occupancy

High-traffic
building with
**frequent vendor or
contractor visits**

**However you work with us—reselling, representing, or integrating
your platform—our team is with you at every step.**
